Pro Bikers For Life® A Brief History

PBFL was created in 2009 from the encouragement of the Sisters Of Life.
To have faithful men who are bikers to be involved in serving and reaching our brothers and sisters on the outskirts of society in the pro life movement.
Since then we have been blessed with women riders who have become PBFL members as well.
PBFL members are involved in prayer vigils for the unborn, side walk counseling at abortion clinics, delivering furniture for new moms, throwing baby showers.
Speaking at high schools, colleges, men's retreats and Nights of Columbus presenting the challenges of being on the front lines with our Priests and Sisters to counter the choice of death over life.
PBFL have been invited to three consecutive World Youth Days in Spain, Brazil and Poland to share our experiences to the youth, thru images and stories of our encounters with abortion minded moms and dads who through the grace of the Holy Spirit choose life for their child.
We are small in numbers but Gods awesome Glory has always gone before us amazing us each time we are out there in his name.
Each PBFL feels Blessed to have been chosen to be the hands and feet of our Lord and Savior Jesus Christ, to reach out to all his children.
This is why Ride and Pray, we are God's Army in the Spiritual battle for LIFE!

Behold the inheritance of the Lord are children: the reward, the fruit of the womb. —Psalm 127:3

Bikers have been stalwart supporters of the Life Center of Long Island since their inception. **Pro Bikers for Life** volunteer as male advocates, mentoring male clients at our centers, and have been involved in saving babies through their witness. The Life Center's Hempstead office has been greatly impacted by the Pro Bikers' peaceful presence outside of the nearby Planned Parenthood facility, as the Bikers guide women and men to our life-saving care. We are blessed to have the **Pro Bikers for Life** as advocates in the cause of Life.

Our Mission... "To promote, encourage and foster public sentiment and respect for the dignity of human life... from conception to natural death."

ANNOUNCING OUR BRAND-NEW DONOR SITE!

After months of hard work, we are delighted to announce that we are putting finishing touches on our much-needed, brand-new donor website!

The Life Center is proud to announce the upcoming launch of an appealing new website that will enhance and expand upon the wonderful work of the Life Center and the numerous opportunities that await current and new supporters, volunteers, and benefactors.

Our goal is to invite a greater number of supporters and benefactors to join the Life Center in advancing our proactive efforts to save lives and fulfill the needs that exist in our Long Island communities.

Our presence over the past 33 years on Long Island has enabled us to serve over 60,000 women and men and save over 2,000 babies. We lead to serve solutions through compassion and professionalism in our centers and, as an organization, to be the voice for the preborn here on Long Island.

The Life Center's principles will never change, but our tactics must in order to effect change.

Our new website provides a clear message of who we are, what we stand for, our mission, and where our value lies within our existing and future programs. We will highlight exciting announcements and diverse FUNdrising events.

The website also boasts a clean design and easy navigation with improved menu functionality that directs you to the information most relevant to you.

We are introducing a wider range of new content to the website, including running counts of clients served and babies saved, client successes in the testimonials section, program results, and new initiatives.

We will be adding video content designed to educate our supporters on current and important news and events impacting our pro-life mission. We will be constantly updating our content with helpful information, articles, blogs, newsletters, and company announcements. Among the new features, the site contains integrated social media buttons and Facebook and Instagram feeds to foster improved communication with our benefactors.

Our new Life Center donor website coincides with our rebranding plans for our clients' pregnancy care centers currently known as AAA Pregnancy Options.

When one door closes, another, bigger one opens, always for the better. We are so proud of this new website and believe it will create the experience you're looking for when you pay us a virtual visit. We hope you find the new website fresh and modern; we worked hard to make sure it contains valuable, important, and pertinent information inspiring and inviting new volunteers and benefactors to join us!

Enjoy your summer!

Blessings,

Gloria

VOLUNTEER REFLECTION

When God created Adam and Eve and told them to be fruitful and multiply, He placed them in a garden. It's no wonder that ever since that time, gardens have been universally treasured by all generations as places that can breathe new life into our souls. As a landscape architect, I wanted to donate my skills in a small way toward creating a perennial garden in front of the AAA Pregnancy Options center that would outwardly convey the impression of new life to potential visitors. My hope is that in appreciating the delicate beauty of the flowers, pregnant women will be prompted to consider the delicate, beautiful life they carry and be drawn to the life-giving care of the pregnancy center, rather than the Planned Parenthood across the street.
