About Us

THE LIFE CENTER OF LONG ISLAND is a not-for-profit organization with four pregnancy care centers known as Women First Pregnancy Options serving all of Long Island since 1986.

We consult with over 200 women and men every month amongst our centers and serve an additional 1500 by telephone. The Life Center provides free pregnancy test kits and educates clients on fetal development, pregnancy options, abortion risks, and support services available.

In addition to these services for women and men, we provide essential baby needs to expectant mothers and families in need. All of our services are free.

Our Honoree

Timothy Jaccard

*Founder and Director of the New York State
Children of Hope Safe Haven Foundation*

Tim Jaccard is the founder and President of AMT Children of Hope Foundation. A full time paramedic for the Nassau County Police Department, Tim has worked tirelessly to prevent the abandonment and death of infants. Tim believes it is our obligation to give each deceased infant, its life thrown away, a dignified funeral and burial. The Foundation was originally established to pay for the burial of such infants.

Tim realized that there was a need to prevent such tragedies from occurring. That need evolved into establishing "Safe Haven" laws and educating the public on the law which allows parents to relinquish custody of an infant in a safe manner, without the fear of being criminally liable for abandonment. A Safe Haven is a dedicated public place, such as a hospital, firehouse, EMS station or police precinct where an infant can be left safely, so that it may receive medical care if needed, and ultimately placed for adoption. The goal of the Safe Haven is to give a life-saving option to desperate birth parents and prevent tragic outcomes for abandoned infants. Thanks to his efforts, many infants have been saved.
